

## The Heartbeat of Access and Control

### MYCOMB MOBILE APPLICATION

#### Brochure

The brand new mobile application will provide you seamless integration with our products allowing you to manage access to your estate easily and efficiently from your phone. We have taken your safety to the next level with our all-new real-time mobile application. Users will receive push notifications giving them instant information on the entry and exit of people who enter the estate's access points. Your security is our main priority, let your phone tell you who enters and when!
