MAINTENANCE

Maintain your organisation/complex with the concise set of options beneath. Related to the people and units involved through to the hardware they rely on.

## Units

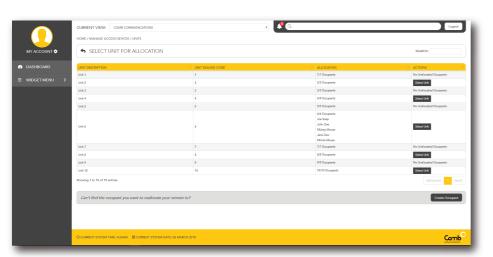

View and manage (edit, update, load or remove) occupants within the system related to a specific unit.

### Manage Access Devices

Once your remotes, RFID tags or similar devices have been purchased and are in the store, allocate them to an individual through this module. Re-allocation may also be done here.

### ACCESS MANAGEMENT

• Informative Dashboards

in a once glance display.

Dashboard with important information

Management of all hardware, infrastructure and integrated devices related to access within your organisation.

### Devices

View and manage (edit, link, unlink, review statistics) of all the devices allocated in your system.

### **Device Pending Updates**

Any changes made to the organisation's data and requires synchronisation with a field device/hardware.

### ORGANISATION DETAILS

Edit or update details pertaining to the organisation/complex and the people involved.

# <u>\_\_\_</u>

Provide access to the system as part of the organisation, i.e. inviting a new tenant/occupant in the complex.

Acquire or renew licenses, purchase Comb Credits or activate new hardware.

### Pending Invitations

Create invitation for registration on the system
